VALUE & IT'S TYPE

A stylized illustration of a classroom. A female teacher with long red hair, wearing a red short-sleeved shirt and a blue skirt, stands in the center, pointing her right hand towards a large screen displaying a world map. Two students are seated at desks in the foreground, their backs to the viewer. The student on the left has blonde hair and is wearing a red shirt. The student on the right has red hair and is wearing a yellow shirt. A small potted plant sits on a shelf to the right of the teacher. The overall color palette is muted, with a dark blue background.

Education depends on the important parameter

EDUCATION

EDUCATION AND IT'S TYPE

Education is as much about building character as equipping specific skills

Formal Education

1. It's self-related
2. Helps to read, write,
will get good jobs.

Value Education

1. Using instruments
2. It teaches right or
wrong
3. It's helpful & loving

Value-based Education

1. Environmental education
2. Biodiversity

Value based education can
strengthen students:

- Optimism
- Self-esteem
- Commitment to personal fulfilment
- Ethical judgment
- Social responsibility

CONCEPT OF VALUE EDUCATION

- Why & how can use less resources & energy?
- Why do we need to clean (surroundings)?
- Use fewer fertilizers
- Separate our garbage

NEED OF VALUE EDUCATION

1. Improve

- Integral growth
- Sustainable lifestyle

2. Increase awareness

- National history
- Environment

3. Create attitudes

4. Understand environment with interlinked(land, air, water)

5. Know about living & nonliving organisms with the environment

METHOD OF IMPARTING VALUE EDUCATION

- Telling
- Modelling
- Role playing
- Problem solving
- Studying biographies of great man

Education is
NOT A PROBLEM.

Education is
AN OPPORTUNITY.
