- 

INTRODUCTION

- Jiddu Krishnamurthy was a philosopher, speaker and writer.
- He was born in south India in now the modern day madhanapalle of Andhra pradesh.
- Jiddu Krishnamurthy was brought to England by Annie Besant(president of the theosophist society and educated by her.
- Before death he travelled throughout the world talking to large audience and need for radical change in mankind.
- He died on 17 February 1986

**J. Krishnamurthy
(1895–1986)**

EDUCATIONAL PHILOSOPHY

- According to his essay “*The Noisy child and silent mind*”
 - Noisy children become silent when they do something.
 - Education should strive for inner peace and hence bliss.
- **LEARNING**:- Source like nature and psychology of human being.
- Education and discipline
- Education and attention
- Process of learning
- Freedom and responsibility.

According to Jiddu Krishnamurthy,

“Freedom in learning means that the learner has got capacity to independently observe everything around him and examine all idea without any pressure or compulsion.”

SYSTEM OF EDUCATION

- ▶ Opposed any established system and also the system of education which was narrow.
- ▶ Should bring about total development of the individual.

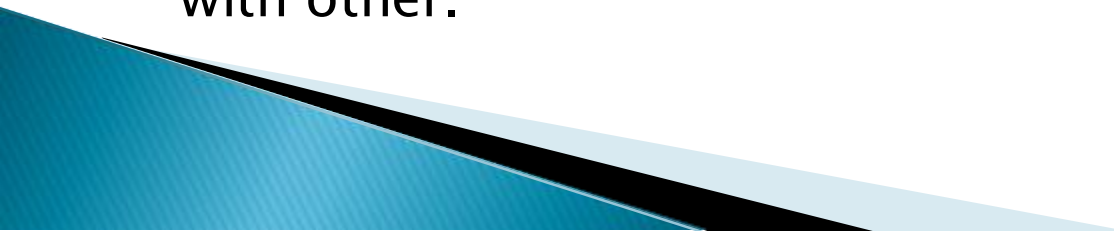

Toward this end should be strive for inner peace and bliss,
There are following points:-

1. School
2. Process of learning
3. Concentration and attention

1). SCHOOL :- “*PLACE OF LEARNING*”

- ▶ To cultivate good mind, certain amount of discipline must exist.
- ▶ Try to secure an inward grasp of what is being said.
- ▶ Freedom is the essence of thinking.

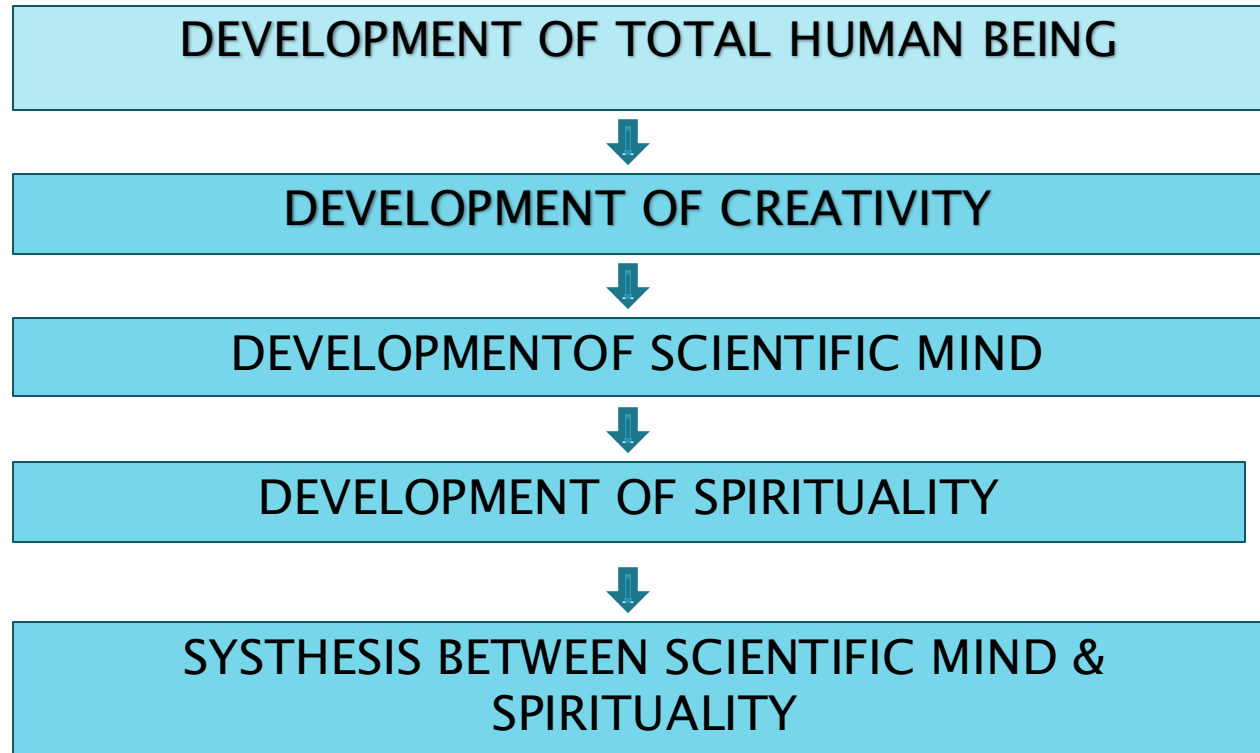

2). Process of learning :-

- Constant thirst of intelligence should be kept.
 - Encourage competition – sustain conflict.
 - Complete freedom.
 - Teacher’s duty – teacher and learners have communication with other.
- 

3)CONCENTRATION & ATTENTION:-

- ▶ Former– all our energy is bought to focus on a particular point.
 - ▶ Latter – there is on point of focus.
 - ▶ Attention – no contradiction and no conflict.
 - ▶ Teacher influence and impact the student.
- 

AIMS & OBJECTIVES:-

VOCATIONAL TRAINING

FREEDOM AND DISCIPLINE

FREEDOM FROM IDEOLOGY

RE- EDUCATION

DEVELOPMENT OF RIGHT UNDERSTANDING OF
ENVIRONMENT

CURRICULUM :-

- ▶ The development of new technology research work in education.
 - ▶ Develop work efficiency.
 - ▶ Teacher should use interactive resource or method while transacting curriculum.
 - ▶ Curriculum should encourage curiosity in the students.
 - ▶ Curriculum should development self expression ability in students
 - ▶ Curriculum should encourage the interest for research and development in the students.
- 

METHODS OF TEACHING :-

- ACCORDING TO J. KRISHNAMURTHY

- ▶ We should not teach the students '*what to think*' or '*how to think*'. Allow him *freedom* to think himself.

- ▶ *Study the child* thoroughly and employ such method such method that suits best.

➤ Students should be *treated as an equal partner*.

- ▶ *Problem solving* and *explorative methods* should be encourage.

- ▶ ***Repetition*** encourage the mind of the child to be sluggish.

CHARACTERISTICS OF TEACHER S:-

- ▶ According to j. Krishnamurthy:-
 - ▶ J. Krishnamurthy's teacher is a 'guru'. He is to guide and stimulate the student. He is to keep them on right to work.
 - ▶ Teacher is observer.
 - ▶ He/she should be an observer of child development rather than information or idea give only.
 - ▶ Teacher should be able to understand the child's emotions and sentiments.
 - ▶ Teacher should know the elementary knowledge of psychology to learn or study the student.
-
